DAY AND NIGHT BRIDGE REPAIRS ON I-93 BETWEEN SALEM AND HOOKSETT
VARIOUS BRIDGES WILL REQUIRE LANE RESTRICTIONS FOR THREE WEEKS

The New Hampshire Department of Transportation announces bridge repair work begins this week on various Interstate 93 bridges between Salem and Hooksett.

This work on both northbound and southbound bridges will involve deck patching and joint repairs, and will require lane closures for approximately three weeks. The I-93 bridge repair work from Salem to Manchester will take place at night only from 10:00 PM until 6:00 AM. Daytime bridge maintenance operations will be from 9:00 AM to 3:00 PM.

Warnings signs, cones and uniformed officers will be used to guide motorists through the work zones. Some delays should be anticipated.
